

## One card for the lowest fares

Whether you ride every day or a few times per year, you always want to pay the lowest possible fare. The Go CT Card for CTtransit and CTfastrak will soon guarantee that for you.

The Go CT Card uses a new system called fare capping to calculate your fare and automatically apply any discounts. This eliminates any guesswork about which pass to buy. So, with just a tap of the Go CT Card on the card reader, you'll be ready to ride—always for the lowest possible fare.

## Advantages of the Go CT Card

- 1 The Go CT Card always provides the discounted fares you would receive with a multi-day pass without any of the guesswork about which pass will give you the best value. Express riders will also have access to 3-day, 5-day and 7-day discounts, not available with any other payment method, in addition to the 31-day discount.
- 2 Your card and the funds on it never expire.
- 3 Riders no longer have to worry about carrying exact change for the fare box or remembering to ask for a transfer or a day pass when boarding. Keeping your account funded is all you need to do to ensure you always get the lowest fares.
- 4 Seniors (65+) and persons with disabilities are eligible for new discounts not available with passes.

# Pay outside the box.

Introducing the Go CT Card:  
The simplest way to get the lowest fare.

## Getting your Go CT Card

For a limited time, riders can visit [GoCTCard.com](http://GoCTCard.com) to sign up for a free Go CT Card. You can also get a free card at community outreach events where CTtransit or CTrides is participating. Sign up at [GoCTCard.com](http://GoCTCard.com) to receive alerts with event information, or follow CTtransit on Facebook. You can also purchase a Go CT Card at the following locations:

- Online at [GoCTCard.com](http://GoCTCard.com)
- Participating retailers (for a full list of retail locations visit [GoCTCard.com](http://GoCTCard.com). Or call 877-255-7433 for assistance with finding the closest location)
- CTtransit Customer Service and Sales Outlets in downtown Hartford, New Haven and Stamford

## Managing your account

Once you have the card, a minimum of \$10 must be loaded into your account to begin using the card. Money can be added using a credit/debit card online, or added in person with cash or card at a CTtransit Customer Service and Sales Outlet or participating retailers.

Registering your account gives you access to balance protection and the ability to disable the card if lost or stolen, online transaction and travel history, and the autopay feature. You may register your account online, by calling the Go CT Card help desk at 877-255-7433, or at CTtransit Customer Service & Sales Outlets in Hartford, New Haven and Stamford.

## Using your Go CT Card

You can begin using the card immediately after you load money into your account. On CTtransit buses, just tap your card on the fare box every time you board. When riding express, you tap on the same way, but have to tap off when you exit as well. If you don't tap off, you will be charged the maximum fare.

To use on CTfastrak, tap your card on a platform validator at CTfastrak stations and stops in downtown Hartford before boarding. Then, simply board at any door when the bus arrives. If a validator is not available at your stop or station, tap your Go CT Card at the fare box.
