FOR IMMEDIATE RELEASE
February 26, 2018

DISTRICT-WIDE SCIENCE FAIR

Manchester's young scientists will present their inventions and discoveries at Manchester Public Schools and Manchester Town-Wide PTA's 7th Annual Science Fair with Invention Convention on Saturday, March 17, 2018 at Illing Middle School.

We are expecting nearly 100, Kindergarten through 8th grade students from Manchester Public Schools to participate in the fair. During the current school year, these young inventors and explorers participated in their school science fairs, and have been selected as finalists to display their projects to volunteer judges and share their newfound knowledge with the community. This event is open to the public, on March 17, 2018 at Illing Middle School from 9:00 am – 12:30 pm. The District-Wide Invention Convention finalists will move on to the next level of competition and take part in the Connecticut Invention Convention Regionals to be held at CT River Academy in East Hartford, on Saturday, March 24, 2018.

If you would like more information about this event, please contact Nichole Greco at (860) 647-3487 or email at ngreco@mpspride.org.
