

## **October is Breast Cancer Awareness Month**

Throughout October, the Manchester Health Department promotes breast cancer awareness by giving out free educational gift packs in addition to displaying Nancy K. Pilver Awareness Wreaths at the Town Hall, Community Y, Senior Center and the Mary Cheney Library. A “Hugs and Kisses to Conquer Cancer” quilt created by Manchester Seniors is also on display at the Town Hall.

The Health Department hosts Hartford Hospital’s *Take the Time Digital Mobile Mammography* across the street from the Community Y, at the Skate Park parking lot and Breast Cancer Research Stamps are available to purchase at Customer Service at the Town Hall.
