

Manchester CT, Manchester Memorial Hospital to begin testing: 3/19/20

Manchester Memorial Hospital will begin testing for COVID-19. The testing site is located outside of

the Miller Building, near the main hospital's 71 Haynes St. location, across from the John A.

DeQuattro Cancer Center.

As a reminder, no individual should arrive at any of these locations and request to be tested. Anyone experiencing symptoms should consult with their medical provider, who will then refer them for testing.

- The site is operating Monday thru Friday from 10AM-Noon and 4PM-6PM .
