

Public Informational Meeting Announcement

Town of Manchester, Department of Public Works

Open to the General Public

AN INFORMATION MEETING REGARDING:

In June of 2017, the Town filed a Solid Waste Disposal Area Disruption Application for the installation/replacement of landfill gas wells and associated header equipment to increase the system's collection and control efficiency. As required by Air Permit No. 097-0114, Part V the changes to the GCOCS required retesting of the flare's exhaust stream. Results of the test program indicated increases of sulfur dioxide (SO₂) greater than 15 tons per year. This increase triggers the requirement for a permit modification in accordance with RCSA 22a-174-3a and the need to hold a Public Information meeting.

WILL BE HELD: Via Zoom web conference service. A link will be provided for those who sign up using a Manchester Public Online Form. Those wishing to participate may sign up on this page: <http://sanitation1.townofmanchester.org/index.cfm/public-informational-meeting/>. On the day of the meeting those that signed up will receive a Zoom meeting link with instructions on how to participate. This meeting notice will be posted via the following sources:

Web page: <http://www.townofmanchester.org/>

Facebook: <https://www.facebook.com/townofmanchesterct>

Twitter: <https://twitter.com/ManchesterCTown>

Instagram: <https://www.instagram.com/manchesterctown/>

ON: October 28, 2020 at 7pm.
