

## **Trash & Recycling Reminders**

All recyclables should go into the curbside recycle bin loose and NEVER in a plastic bag. Only recyclables should go into the bin. If trash and or other debris go into the recycle bin when the contractor AAW dumps their truck at the recycle plant the Town will get charged for that load. If the load is clean the town will actually receive a credit of \$5.00 per ton.

Trash, however, should be bagged before placing into the curbside trash bin.

The Transfer Station is open Mon.-Sat. 7:15am-3pm, and trash and recycling curbside collection is on the regular schedule.
